Happy Holidays

from the VOU Management Staff

Wishing you and your family a joyous Holiday Season.

Important Note to Parents

Frederick County has discovered evidence that children are playing in and around several ponds and streams. In one area, children have piled rocks around one of the pipes, and have built something like a dam in a stream. These actions violate county, state and federal law. The county is considering installing cameras to identify the children and take legal action against them and their parents. Please speak with your children and remind them that they are not to tamper with or vandalise the ponds. They are not to be within the fenced areas of the ponds. They are not to build dams or otherwise attempt to stop the flow of any stream. Your assistance is appreciated.
