VOUCA Management Newsletter/February 1, 2016

## Blizzilla 2016 Wrap-Up

First, again, a huge thank you to all of the residents who weathered this awesome storm. This was an epic event—one that most people working the storm had never experienced and we hope will not experience again! In working through the storm, we learned that the magic number really is about 28. That would be, 28 inches of snow is just about the deepest that is plowable in our narrow streets. After that, snow becomes only lift-able. The break-down of the VOU-Ruppert effort alone (not including County work), looks like this:

120 people, doing everything from driving to shoveling to working look-out, working in 12-hour shifts

9 snow plow trucks

10 snow blowers

6 ATVs

5 skid loaders

2 front end loaders

1 backhoe

We are all happy to serve the Villages of Urbana—thank you again for all of your patience through the last week.
