Keep Our Community Clean

The winter winds have blown a lot of litter and trash into the community. Our cleanup crews are making their way through the community, but often they finish area only to turn around and find it full of litter again. These clean-up efforts are time consuming and expensive, particularly after our snowy winter. You can help reduce costs and beautify the community by...

- Making sure your own trash is stored and placed out for removal in a closed plastic bag inside a lidded trash can.
- Making sure your trash is left out for collection no earlier than the night before your trash day. Putting away your trash can promptly by the evening of your trash day.
