Street Work to Begin

As we have noted in the last several newsletters, street sealcoating is scheduled to begin in certain townhouse and neotraditional neighborhoods. Please note the following:

Amelung, Islington, Tavistock, Lew Wallace, Beall's Farm, Sprigg Street South and Worthington: alleys behind homes are scheduled to be sealed beginning on Tuesday, May 27. These areas are shown in red on the attached map. We have asked the trash company to begin in that area so that trash can be removed before the area is sealed. Please plan to move your vehicles out of the area by 7 AM; the area will be accessible again by 5 PM on Wednesday, May 28. The Giant has agreed to permit people to park in their parking lot overnight. You may also park at the Natelli Community Center at 9023 Harris Street. This work is very weather dependent -- please watch for flyers in the event the schedule must be changed. Unauthorized vehicles will be towed.

Concrete work is planned for selected areas on Hyde Place, Hope Commons, and Mantz Lane on May 27. Affected homeowners have been notified by flyer. Please keep your children away from the wet cement so that it is not damaged.

Penrose Street, Kinnerton Place, Carriage Hill Street, part of Sugarloaf Parkway, Shawfield Lane, parts of Addison Woods Road, Dunraven Street, Cornwell Meadow Street, and Carriage Hill Drive: alleys behind homes and the parking bays on Penrose and Prospect Hill are scheduled to be sealed and repainted on May 28-30. Each section will be asked to park outside the community for one night. Parking will be available at the Shafer's Mill Recreation Center and along county roads in the area. Please watch for flyers for specific dates, as there have been some changes to the schedule and the areas to be sealed each day. Unauthorized vehicles will be towed.
