VOUCA Management Newsletter/September 25, 2017

Please Help Keep VOU Beautiful

Have you ever wondered why the VOU requires trash to be placed out in a container? The community rules and the trash contract require that all trash be placed out for collection inside a sealed plastic bag that is placed in a lidded, vermin-proof container. Each of those containers is important. Animals and birds have learned that inside those round plastic mounds they can find some really great stuff. And even if they can't, they will make a real mess while looking. Please **ALWAYS** place your trash **INSIDE** a trash can. The VOU does fine violators and we all have to look at the mess.
